Water Subscribers Owe \$1500. There are going to be lively times in this city tomorrow, when Water superintendent Gilman starts out with delinquent water subscribers' list, which totals something close to \$1500. City Recorder Snook has been busy to day making out the list, and tomorrow will turn the entire list over to the water superintendent. Armed with it, he will shut off water used by every delinquent subscriber, regardless of whether that delinquency is a month old or a year old. The city has been compassionate on subscribers who falled to pay their water rent on 10 bath rooms. ## Mountain Prices for Wood.

There has been an advance of \$1.50 per cord in the price of wood in the mountains in the past 60 days. A new record was set at Kamela yes-terday when \$5.50 per cord on the cars was paid for black pine and \$5.75 for yellow pine and fir. There are dozens of wood buyers at Kamela and they are buying or contracting for everything in sight. They come for everything in sight. They come from Walla Walla, Pendleton and as two years ago, while the demand for coal is 25 per cent greater, so it can be readily seen, he said, that there is a 50 per cent shortage with but little prospect for relief during the carly part of the winter, at least.

At Sait Lake, he said, he made a horozent investments are not horozent investments. demand for large quantities even at this season of the year. J. D. Casey, of Hilgard, who handles

about one-half of the wood output from the mountains, received yester-day an order from a Walla Walla day an order from a Walla Walla brick yard for 200 cords at \$5 per cord. This was evidently considered a liberal offer and would have been a couple of months ago. There is no wood in the mountains that can now be had at any price with the attack. be had at any price, with the single exception of white fir, which is con-Sidered the most inferior of all woods. ## NEW NAME FOR ARMY SCHOOL.

### Will be Hereafter Called the "Army School of the Line."

Leavenworth, Kas., Aug. 14 .- On the opening tomorrow of the new term of the Infantry and Cavalry School at Forth Leavenworth the name will be changed to "Army School of the Line." This school is the principal Line." one of the three military service schools established at Fort Leaven-worth. The other two schools, the Army Staff college and the Signal school, sprung from it.

This will be the third change in the name since the school was started 26 years ago. When the school was organized in May, 1881, it was designated "The school of Application for Industry and Cavalry." It was changed shortly afterward to "Infantry and Cavalry school." There are several reasons for the new change in name, and one is that student officers from

school, and now majors are included for students.
